We are on Dakota and Ojibwe lands.

HOW MAIDEN ROCK GOT ITS NAME

Maiden Rock Bluff got its name from an oral story passed down for generations about a young and beautiful Dakota maiden, Winona, who was in love with a Dakota man. Sadly, interference from relatives forced her to marry someone else whom she despised. Shortly after her wedding she went missing and the next morning it was discovered that she had thrown herself from the bluff, giving it the name, Maiden Rock Bluff.

DAKOTA AND OJIBWE

The Mississippi and Chippewa River were major highways for both the Dakota and Ojibwe in the region. The Dakota controlled most of the land on the Western side of Wisconsin but Ojibwe, such as the Lac Courte Oreilles would often travel through the area down the Chippewa River to the Mississippi River. Although there were no permanent settlements within Pepin County, according to *History of Buffalo and Pepin Counties*, "The pioneer whites found evidence here of long continued human occupancy. Trails, at places worn several feet deep, followed the highlands bordering the water courses, sometimes scaling the sides and tops of the bluffs, and sometimes dipping into secluded "pockets" favorable for stalking the deer. The absence of trees, except where natural conditions protected them, spoke of springtime burning of the grass by the Indians for countless years. And the presence of the mounds along the Mississippi and Chippewa River terraces spoke of a still earlier occupancy of this region." The Dakota in western Wisconsin and eastern Minnesota were the keepers of the eastern door to the greater Dakota, Lakota, Nakota Nations. Led by Chief Wabashaw, they were semi-nomadic and lived

along the shores of both the Chippewa and Mississippi Rivers. During European settlement, the majority of Dakota were exiled by the U.S. Government to the Great Plains. Only a few families remained in the region. Today, the Dakota have four federally recognized nations within the State of Minnesota. The nearest Dakota tribal nation to Pepin County is the Prairie Island Indian Nation in Red Wing, founded in 1889 when Congress allocated lands to the descendants of these remaining families.

An oral story of a battle on the Chippewa River between the Ojibwe and Dakota has given an island along the river the name "Battle Island." The island is located across from the Five-Mile Bluff SNA and can be accessed by travel along the Chippewa River.

Amazing Women from Pepin County

LAURA INGALLS WILDER—CHILDREN'S AUTHOR

Pepin is famously known as the birthplace of children's writer, Laura Ingalls Wilder. Laura was born seven miles north of Pepin in a small cabin on February 7th, 1867. Her parents were Caroline Quiner and Charles Ingalls. Laura, her sister Mary, and parents lived in Pepin for two years after Laura was born before they moved to Kansas. The family lived in Kansas for a short period of time before moving back to Wisconsin when Laura was five years old. Laura learned many homesteading skills during her time in Wisconsin which inspired her as an adult to write her first book *Little House in the Big Woods*. Laura went on to write a *Little House* series which included *Little House on the Prairie* and *On the Banks of Plum Creek*. The birthplace of Laura is honored with a replica cabin which is open year-round for self-guided tours. The Laura Ingalls Wilder Memorial Society preserves this cabin and is responsible for the ongoing operation of the Laura Ingalls Wilder Museum. Every year, Laura and her many homesteading skills are celebrated with the Laura Ingalls Wilder Days held annually in September. You can also visit the Little Plum Place, the only remaining restored and preserved one room schoolhouse that showcases what life was like for Laura during her schooldays in Wisconsin.

HELEN PARKHURST—EDUCATOR AND AUTHOR

Helen is known for her creation of the Dalton Plan and founding of the Dalton School which is very closely related to the popular Montessori Schools. Helen was born in Durand in 1886 and graduated from Wisconsin State Teachers College at River Falls in 1907. After graduation she studied at the Universities of Rome and Munich and alongside Maria Montessori. She was awarded her M.A. in 1943 from Yale University. Helen taught in Wisconsin and Washington before taking over as director of all Montessori Schools in the United States. Although Montessori and Dalton are very similar, there are differences.

Montessori—“Help me to do it myself”

Dalton—“Learn to take responsibility of your own learning”

Helen wrote several books and had her own educational program on ABC Radio Network. She has been named one of the 100 Educators of All Time and was decorated by the Queen of Italy, Empress of Japan, Queen of the Netherlands and was greatly admired by Eleanor Roosevelt. Today, Helen’s legacy continues with schools in the Netherlands, England, Australia, Japan, and others adopting the Dalton Plan as well as a dedicated lecture hall at UW-Steven’s Point. You can learn more about Helen at the Pepin County Courthouse Museum.

ELIZABETH CLARKE HARDY—POET

Elizabeth Clarke Hardy was born in New York in 1849, but moved to Wisconsin when she was 17. She took a teaching job and was married in Pepin County where she and her husband farmed in the Town of Lima. Elizabeth and her husband proudly practiced progressive farming techniques that were written about by journalists in state magazines and welcomed visitors to their farm. Although she was known locally and at a state level for her agricultural practices, Elizabeth was known nationally for her poems. Elizabeth wrote poems her entire life, but it wasn’t until her 70s and after the loss of her husband that she wrote a poem called “The Loney Voyage” also called “The Unknown Shore.” This poem was popular at funeral services and was read at memorial services for both President Harding in 1923 and President Woodrow Wilson in 1924.

Museums in Pepin County

PEPIN COUNTY HERITAGE CENTER

The Pepin County Heritage Center is in the old Pepin County courthouse which served residents from 1874-1985. It is the last remaining wood-framed courthouse in Wisconsin and is one of only two existing Greek Revival style courthouses in the state. The adjacent Pepin County Jail was used until 1984 and still displays its rare, iron latticework. For more information, go to pepincountyheritagecenter.com.

LAURA INGALLS WILDER MUSEUM & WAYSIDE CABIN

The Laura Ingalls Wilder Memorial Society was organized in 1974 and through the help of local business owners and the landowner, the society was able to acquire three acres of the land at the original site of Laura’s birth. The museum is in downtown Pepin, but to visit the wayside cabin, you will need to take County Road CC about 7 miles, roughly a 10-minute drive from Pepin. The museum is open seasonally from May-October, but the wayside cabin is open 24/7/365 for self-guided tours. Be aware that the driveway is not plowed in the winter.

PEPIN DEPOT MUSEUM

The Pepin Depot Museum is a restored railroad depot located in Laura Ingalls Wilder Park across from the Homemade Café in Pepin. The museum is no longer open to the public but can still be enjoyed from the outside.

STOCKHOLM INSTITUTE

The Stockholm Institute, also known as the Stockholm Museum, is run by a volunteer organization dedicated to preserving materials relating to the history of Stockholm, WI. Guests can research area history and family lineage using histories provided by area families, and enjoy the Gärdesgård, or traditional Swedish pole fence, common throughout Scandinavia. The museum is open early May through the God Jul Stockholm Christmas in early December.

Wisconsin Great River Road

The Great River Road runs 3,000 miles following the winding Mississippi River through ten states. Within those ten states is the Wisconsin Great River Road consisting of 250 miles on Wisconsin State Highway 35. The Great River Road has long been known as a National Scenic Byway but in 2021, the Great River Road was

given the honor by the US Department of Transportation to be named an All-American Road. The United States has 184 National Scenic Byways designated, and only 37 All-American roads. The Wisconsin Great River Road is Wisconsin's *only* All-American Road.

Durand

On the Banks of the Chippewa

Durand is your small-town charm community nestled between the banks of the Chippewa River and rolling hills of the Chippewa Valley. In downtown Durand, a must visit is the 1885 Great Anglo-American Circus lithograph inside the Corral Bar & Riverside Grill. The lithograph stretches 55 feet wide and stands 9 feet tall. Meant to dissolve within only a few short weeks, this circus poster miraculously survived through the years and is in excellent shape for us to enjoy today. Adjacent to the downtown area, you can find Wisconsin's last remaining wood-framed courthouse which has been converted into the Pepin County Heritage Center with a goal to preserve and exhibit Pepin County's history.

Durand hosts many musical events throughout the year, but the most popular and well known is the Blues on the Chippewa. Blues artists from around the nation gather to raise money for local non-profits at this free event. Bring your own lawn chair and book your lodging or campsite early because you won't want to miss this outstanding event!

Residents of Durand enjoy a small town, rural lifestyle, within driving distance of urban amenities. With direct access to the Chippewa River, many residents enjoy water activities such as boating, fishing, kayaking, lazy river tubing, and sandbar camping. Friendly downtown businesses, community events, great schools, and direct access to healthcare makes Durand an excellent place to live and visit.

Under new ownership in August 2023, third generation family owned.

318 West Main Street, Durand, Wisconsin • (715) 672-8874

When the owners of the Corral Bar and Riverside Grill were expanding their dining area in 2015, they discovered an original lithograph poster advertising the Great Anglo-American Circus coming to Durand on August 17, 1885. Upon this discovery, efforts were taken to research and preserve the lithograph so that this piece of history can be enjoyed for years to come!

The 9 foot high by 55 foot long lithograph is believed to be the only remaining circus advertisement billboard for the Great Anglo American Circus, featured in the Smithsonian and the Atlas Obscura. Across the top of the lithograph, one will notice the major attraction of the event, featuring Miles Orton and little Allie and Bernard forming a human tower and balancing on top of a bareback horse running at full speed. As one would expect, this was a sight to be seen and attracted large crowds. We hope you will stop in Durand for a bite to eat, a drink, and to admire this unique piece of local, state, and regional history.

The room where the mural was discovered has been named the Orton Room in honor of Miles Orton, the owner of the Great Anglo-American

Circus. The space featuring the lithograph can accommodate 80 to 100 people and is available for special events such as anniversaries, birthdays, class reunions, retirements or other parties. Events can be scheduled by calling (715) 672-8874, ask for Amy, Russ, or Hunter.. For your convenience, the Orton Room is set up with a 5 foot by 10 foot screen and projector as well as Chrome Cast and Apple TV.

- ✔ To those of you visiting our area, we would like to welcome you to come to historic Durand and stop in for a real taste of Wisconsin and/or a refreshing beverage. Take a view of this unique and fascinating piece of history (poster)

We recommend calling ahead if you would like to stop in and marvel at the lithograph as the room will not be available when occupied or being prepared for private parties. If interested in hearing the history concerning the circus poster, call Ron at (715) 495-9835 to schedule a time.

Pepin

Birthplace of Laura Ingalls Wilder

Pepin is situated on the banks of Lake Pepin, the largest lake on the Mississippi River, and is the birthplace of Laura Ingalls Wilder, the famous children's author. Her book "Little House in the Big Woods" was based on her experiences while living in rural Wisconsin. Pepin quickly grew after its first settler in 1844 and was a stopping point for loggers on both the Mississippi and Chippewa River. Pepin's landscape is described as romantic, with the majestic rolling bluffs overlooking the stunning Lake Pepin. Pepin is easily accessible along the Great River Road and offers everything from a family fun getaway to a romantic weekend with your significant other.

You can enjoy activities on Lake Pepin all year round, but the lake comes to life in the summer. Bring your boat or book a pontoon cruise and enjoy a day on the lake swimming, skiing, fishing, or simply watching the sunset. On shore you can find local bands playing, friends sharing delicious drinks and food, and families building memories along Lake Pepin's beaches. Perfect for your next vacation!

Every year, the Laura Ingalls Wilder Museum hosts the Laura Days village event. This event allows visitors to experience life as pioneers. Demonstrators will show you how to make traditional household items, play songs on their fiddle around the campfire, and give demonstrations on woodworking, sewing, spinning, and cooking. Another popular annual event is the Villa Bellezza Christmas Market named Wisconsin's Prettiest Christmas Market. You can sip mulled wine while you browse the shops, or get your picture taken with an alpaca!

 **Villa Bellezza has 22 EV charging stations for guests!**

A Short Drive to Peaceful

Stockholm

Small Village, Big Heart

Stockholm was settled in 1851 by Swedish immigrant, Erik Petterson. Most of the settlers in Stockholm following Erik were of Swedish origin and it was estimated that 90% of those living in Stockholm before the 1900's were Swedish. Today, Stockholm continues to honor that culture with many of the businesses taking on a Scandinavian aesthetic and hosting events that encompass Scandinavian traditions, such as their Christmas celebration, God Jul.

Stockholm is the ultimate unique shopping experience; you'll find everything you didn't know you needed from gourmet French cheese to a Vikings axe pizza cutter. Not only does Stockholm offer unique shopping, but it is also one of America's coziest towns. In 2024, Travel + Leisure magazine ranked Stockholm as the "Coziest Place in the U.S." based on Stockholm's cozy town index score that took into account temperature, snowfall, cafes, bakeries, crafts, and bookshops. Less than 80 people live in this village, but it is home to a welcoming and cozy community full of artists, craftsmen, and musicians.

A must visit is the world-famous Stockholm Pie & General Store. In 2024, a national poll with USA Today voted Stockholm Pie the #1 Pie Place in America! Stop in for a slice or sign up for one of their special pie flight events where you and your friends can try new or special menu pie slices and vote for your favorite.

Train Rides into the Tiffany Bottoms

The Tiffany Wildlife Area is a 13,000 acre property between Pepin and Buffalo County and contains one of Wisconsin's largest, contiguous bottomland hardwood forests. Within the Tiffany Wildlife Area is the Tiffany Bottoms State Natural Area. The property is a transition zone between typical floodplain forest of silver maple, river birch, ashes, and basswood in the southern portion and moves to a more oak-dominated forest in the northern part. Tiffany Bottoms is a birding paradise! Besides typical game species, the area holds rare and uncommon raptors, warblers, great blue heron, pileated woodpeckers, blue-gray gnatcatcher, and many other birds to check off your birding list. Many recreational activities are allowed within the Tiffany Wildlife Area including primitive camping, but a permit must be obtained from the Alma DNR office.

The Chippewa Valley Motorcar Association is an organization of railroaders and rail enthusiasts that lease the tracks owned by the DNR just south of Durand. The train ride runs along HWY 25 about five miles into the

Tiffany Bottoms Wildlife Area and will stop occasionally for visitors to hear about the history of the area or enjoy the beauty of the Tiffany Bottoms. The club allows train rides to the public that are hosted by local organizations. Reservations are required to ride the train and must be made with the host organization, not the Motorcar Association. Follow their Facebook page to stay updated on events and scheduled rides or check out the PBS episode found on their website!

The Mississippi Flyway

The Mississippi Flyway is a migration path that follows the Mississippi River from the Gulf of Mexico to Canada, encompassing 21 states. Twice a year, 325 bird species travel the Mississippi Flyway. Half of North American bird species spend at least part of their lives on the Mississippi Flyway. The most active migration times are April-May and September-October. You can help migrating birds by:

1. Turning off non-essential lights from 11pm to sunrise.
2. Painting or decorating your windows to avoid collisions
3. Keeping cats inside, in an enclosure, or on a leash
4. Plant native habitat and food
5. Keep dogs leashed, especially on a beach or in a natural area
6. Support birding groups and legislation
7. Feeding hungry travelers with clean bird feeders and hummingbird feeders—without the red dye!

Seasons of Pepin County

WINTER: HYGGE SEASON

Hygge is a Danish word for being cozy, content, and comfortable, and that's exactly how to describe our area in the winter. It's the perfect time to cozy up in a cabin with hot cocoa while watching the beauty of Wisconsin winters unfold. Most businesses along the river typically close for the season after the December Holiday Markets, but some stay open year-round. In Durand, most businesses stay open but have fewer hours. If you're looking to go out and explore, a must visit is the ice sculptures in Maiden Rock. If you want to ice fish on local waters, there is no official measurement of ice, so the best way to know if it is safe is to ask a local. In February, the Camp Pepin YMCA hosts a winter festival with Lake Pepin's largest ice carousel along with other family fun winter activities.

SPRING: TRILLIUM SEASON

Trilliums are a native flower in Wisconsin that start to bloom towards the end of April. Many bluff valleys will be covered in millions of trilliums along with other beautiful native spring ephemerals that are beneficial to waking pollinators. Businesses that closed for the winter start to open their doors again for another season. Every year on Mother's Day weekend, Rustic Road Galley in Stockholm hosts the Trillium Festival with nature activities all along the Great River Road. Spring is also a perfect time for bird watching in Wisconsin when around 325 bird species make their way through our area. Tiffany Bottoms is one of the best places to spot uncommon or rare birds migrating and there's no better way to see them than the Tiffany Bottoms train ride. For anyone that loves to look for treasure, there are two garage sale events in the spring that span well over 200 miles!

SUMMER: LAKE PEPIN SEASON

Lake Pepin is a popular place in the summer with sailboats, pontoons, fishing, and any other water recreation activity! The Chippewa River is also a hotspot for people wanting to kayak or canoe, lazy river tube, camp, or just hang out on a sandbar. Pepin County is one of the best places to enjoy nature. The prairies on Maiden Rock bluff come alive with color and the parking lot is always full of hikers. It's also a terrific time to cruise the Great River Road or drive up into the bluffs for a sunset drive. Summer is

when most community festivals, art fairs, and live music events happen. Businesses have their doors open and there is never a shortage of live music in our area, so to stay up to date on when and where to find an event, check out our events page on our website!

FALL: BLUFF COLORS SEASON

Fall is our most popular season, and for good reason! Businesses are still hosting lots of live music or fun events. The colors in the bluffs are spectacular, and many people drive the Great River Road or country backroads during this time. Some of our favorite events happen in the fall, like the Fresh Art Tour and Laura Days. Fall is also when the migratory birds that flooded our area in the spring start to make their way back down south. Train rides begin again in September, and seats are always limited due to popularity. Once deer hunting seasons begin to open, so does the treasure hunting! There are many shopping and holiday market events for people looking to get out and hunt for deals.

BOAT & CANOE LANDINGS

Pepin County is a popular spot for fishing and water recreation on both Lake Pepin and the Chippewa River. There are three boat landings to access Lake Pepin, four boat landings to access the Chippewa River, and one canoe landing to access the Chippewa River.

- 1 **Stockholm Boat Landing:** Free landing in Stockholm Park accessing Lake Pepin, limited parking, restrooms in park.
- 2 **Deer Island Boat Landing:** \$10 fee to park, access to Lake Pepin, limited parking, no restrooms.
- 3 **Pepin Boat Landing:** \$10 fee to park, access to Lake Pepin, adequate parking, suitable for larger watercraft, fish cleaning station, public restrooms.
- 4 **Pepin Highway 35 Boat Landing:** Free landing accessing the Chippewa River, due to sand buildup this landing is hard to access by boat during low water levels.
- 5 **Ella Boat Landing:** Free landing accessing the Chippewa River, adequate parking, across from the Tiffany Wildlife Area.
- 6 **Dead Lake Boat Landing:** Free landing accessing Dead Lake, during the spring flood there is a chance you can access the Chippewa River.
- 7 **Silver Birch Boat Landing:** Free landing accessing Silver Birch Lake.
- 8 **Thompson Lake Boat Landing:** Free landing accessing Thompson Lake.
- 9 **Durand Boat Landing:** Free landing with adequate parking located between 1st and 2nd Avenue West.
- 10 **Durand Main Street Boat Landing:** Free landing with limited parking, very steep access, great to use when the Durand Boat Landing is busy or full.
- 11 **Hubbard's Landing:** Canoe and Kayak access only, parking lot across from street, you will need to walk downhill with your gear to access the landing.

HIKING & BIKING

Pepin County has three State Natural Areas with easy access to hiking trails and one county park with hiking trails, as well as one designated biking trail.

- 1 **Maiden Rock Bluff SNA:** most popular and well known hiking trails in Pepin County. You can choose two paths: through the prairie, or along the rim. The prairie hike is level and easy, the rim hike has more slight elevation changes and obstacles. Both hikes will take you to the Maiden Rock Bluff with some of the most amazing views, especially during peak fall colors.
- 2 **Five Mile Bluff SNA:** Another hike with extraordinary views. This hike will give you an overlook of the Chippewa River and Pepin Valleys with a glimpse of Lake Pepin in the distance but does require a steep climb uphill.
- 3 **Holden Park:** Over a mile of new trails built in 2022, this hike will leisurely take you through the woods, but will require a trek uphill along the road to loop back to your vehicle.
- 4 **Chippewa River State Bike Trail:** This trail runs from the City of Durand to Phoenix Park in downtown Eau Claire and is open year-round. You will pass through river bottoms, prairies, sandstone bluffs, and wetlands on a well maintained, paved trail. The trail joins with the Red Cedar State Trail in the Dunnville Wildlife Area near the confluence of the Red Cedar and Chippewa Rivers.
- 5 **Nine Mile Island SNA:** Perfect for prairie lovers! Although most of this SNA is across the Chippewa and only accessible by boat, some prairies can be accessed and enjoyed along County Road M.
